"Kompetisi Klip-2"

Dear teachers,

Once again, it is with great pleasure that the WILTA committee extend an invitation to your school to participate in the third annual **Kompetisi Klip-2**; a YouTube video competition. The idea behind the competition is to engage students in language learning through ICT and to promote Indonesian to the community in a positive way.

This competition is open to students across both primary and secondary schools. With the rules outlined below:

1. There are three student levels and six age groupings:

A. Primary:

- Kindergarten – Year 2
- Year 3 – Year 4
- Year 5 – Year 6

B. Middle:

- Year 7 – 8
- Year 9 – 10

C. Upper:

- Year 11 – 12

2. There are three categories:

- *Bernyanyi* (Primary and Middle only) E.g. a song sung by students, may be in form of music video or as a live performance; lip-syncing to own singing is allowed.
- *Bersandiwara* (Primary and Middle only) E.g. a play, re-enactment, story or performance
- *Pidato* (Upper only) E.g. formal speech in Indonesian on a topic of your choice

3. The stipulation on group size and length of performance is as follows:

- Primary: Maximum 35 students, performance length 2 – 3 minutes
- Middle: 3 – 6 students, performance length 2 - 3 minutes
- Upper: 1 student, performance length 2 - 3 minutes

4. Each school may submit **up to two videos** for **each category** for **each year group**. Schools are encouraged to have their own vetting process prior to submission.

5. Each video must contain official KK2 Intro and Outro, which are available in tinyurl.com/2018kk2 .

6. Each video **must be predominantly in Indonesian, produced by participants**. All non-original work must be appropriately referenced.

7. For *Bernyanyi* category, students and teachers will be responsible for checking copyright information for songs. Most songs are okay to be used on YouTube (as the account isn't monetised). Details of how to check copyright information are available in this YouTube clip: <https://www.youtube.com/watch?v=VmLI7FGNLo8>

8. Teachers will be responsible for seeking parental permission for any student whose face and/or name appears in the video. Specifically, parents will need to agree to their child's face being published on YouTube. Teachers are also responsible for ensuring all rules are adhered to.

9. Age restrictions apply to the oldest participating student. Age restrictions apply to who is speaking/singing in the videos for all age groups. For Middle School and Upper School, the age restrictions also apply to production elements such as filming and editing. Teachers may assist with the language (all age groups) and the production elements (Middle School and Upper School), but cannot do it for the students. For Primary School, there are no restrictions on who can do the production elements, thus teachers may be solely or partly responsible for all recording and editing. The restrictions to 'number of participants' also applies to the production elements in Middle School and if the video wins, the prize money will be split evenly between all participants. In Upper School, it is okay for the sole participant to receive some help with filming, but the rest of the production elements and language should be done by themselves.
