Michael Jakarimilena (also known in Indonesia as *Michael Idol*) gained the Indonesian public's attention as a finalist on the first season of Indonesian Idol. Born in Papua, Michael's voice very much reflects the vocal talents of this largest and easternmost province of Indonesia. He has a voice that is distinct, with a rich and melodious tone, and the talent to sing a range of musical genre. Michael has appeared in three films and is regularly seen on television and in concerts around Indonesia.

Michael J will perform a free schools-only concert in Western Australia, in which schools with Indonesian language programs are invited to bring along their students (Years 7-12) to be entertained by a range of songs performed on stage by Michael. The experience will be an Indonesian concert immersion for the students, with the majority of songs, including pop, rock, dangdut, reggae and hip-hop styles, sung by Michael in soulful Indonesian.

Students will be encouraged to join in if they wish as the lyrics of the Indonesian songs are shown on the big screen with a range of images to reinforce the meaning of the language in the songs.

The concert will be followed by light lunch. Students may bring their own or indulge in an Indonesian light lunch.

This *Secondary Schools Concert Michael Jakarimilena* is generously supported by the Australian Government through the Australia-Indonesia Institute of the Department of Foreign Affairs and Trade, Consulate General of Indonesian in Western Australia & Mandurah Baptist College, in cooperation with WILTA.
